

# Dark Flipout Legal Disclaimer

# Dark Flipout Legal & Safety Disclaimer

## READ BEFORE PURCHASE OR USE

All Dark Flipout products, firmware guides, scripts, 3D models, courses, and community content are provided strictly for educational purposes and authorized security research only.

### ## You Agree That You Will:

- Test only systems, networks, and devices you own or have explicit written permission to assess
- Comply with all applicable local, state, federal, and international laws (including FCC Part 15, CFAA, Computer Misuse Act, etc.)
- Use RF tools only on licensed frequencies or in shielded RF labs with proper authorization
- Not use any material to intercept communications, bypass authentication on third-party systems, jam signals, or cause harm

### ## You Agree That You Will NOT:

- Deploy firmware mods, scripts, or hardware against targets without authorization
- Distribute pre-flashed devices configured for unauthorized access
- Market or resell Dark Flipout materials as "hacking tools" for illegal use
- Hold DarkOne, Dark Flipout, or affiliates liable for misuse

### ## Product Scope

| Included | Not Included |  
|-----|-----|  
| Lab setup guides | Weaponized exploit packs |  
| Open-source firmware links + flash workflows | Pre-configured attack payloads for live targets |  
| 3D enclosure STL files | Covert surveillance kits |  
| AI prompt frameworks for defensive research | Credential theft / fraud tooling |  
| Authorized pentest checklists | Jamming / illegal transmit configs |

By purchasing or downloading, you accept full responsibility for compliance.
